

FWE288XH

045-063-10

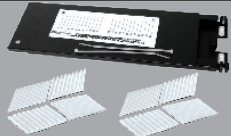

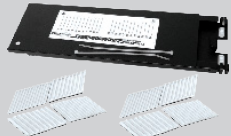

Product Description

The Multilink FWE288XH is a high density indoor wall mount fiber splice enclosure with the capacity to splice 288 single fusion splices. The enclosure has 12 slots to hold multiple types of Multilink splice trays, along with 4 slack storage spools. Multiple cable entry ports on the top and bottom with cable tie down points allow for quick and secure installation of fiber cables. Both doors open independently and both have locks.
